O'Bryonville NBD Streetscape

WHAT/WHEN: Crews of the R.A. Miller Construction Co. will begin enhancement work along both sides of Madison Road from Elmhurst Avenue to Lavana Avenue the week of March 15, 2004. During the following 120 days, the company will install new concrete curbs, sidewalks, and pavers, new street lighting, new sign poles, signs, bike rings, street trees, zebra striping at crosswalks, and lane markings. On both sides of Madison they will add bump-outs to control parking, shorten crosswalk distances and better define vehicle traffic lanes.

MAINTENANCE OF

TRAFFIC DETAILS: On Madison Road and Torrence Parkway from 7:00 to 9:00 a.m. and 4:00 to 6:00 p.m., two 10-foot lanes in each direction will be open to traffic. On Madison, eight feet of the curb lane in each direction may be blocked full time, one block at a time. On Torrence Parkway during all non-working hours, the entire roadway will be open to traffic.

On Cohoon Street, Cinnamon Street and Lavinia Avenue, a minimum of 18 feet will be open during all working hours.

On Grandin Road from 7:00 a.m. to 9:00 a.m. and 2:30 to 3:30 p.m., two 10-foot lanes northbound approaching Madison Road will remain open to accommodate local school traffic. During the contractor's working hours, the entire roadway will remain open.

On O'Bryon Street, one 12 foot lane will remain open during all working hours.

QUESTIONS: Paul Umberg, P.E., Project Engineer, 352-5282.
